2016 Full-Time Instructor Position (non-tenure-track)

Full-time Instructor (non-tenure-track) beginning Fall 2016. Rank and salary will be commensurate with qualifications and experience and based on the University of Colorado pay scale.

The growing Technology, Arts, and Media Program (TAM: tam.colorado.edu) situated within the ATLAS Institute (atlas.colorado.edu) in the College of Engineering and Applied Science (CEAS) at the University of Colorado Boulder seeks an instructor whose teaching, creative work and research demonstrates an in-depth understanding of design and creative technology. We seek candidates who have a broad understanding of technology, arts and media in addition to a specific area of expertise.

Areas of interest include—but are not limited to—web technologies, information visualization, wearable technologies, 3D design and animation, or game design and development. Successful candidates will engage students and faculty from diverse disciplines and actively participate in curriculum development and other programmatic initiatives that encourage curiosity, creativity, and community within the ATLAS Institute.

The Technology, Arts, and Media Program promotes innovative work and research in creative technology and design within an interdisciplinary environment. Our curriculum model includes small studio courses that integrate hands-on project-based learning. Teaching responsibilities will include graduate seminars, undergraduate lectures, and studios. TAM students come from a diverse set of disciplines with a wide range of skill-sets and backgrounds.

The University of Colorado is an Equal Opportunity Employer committed to building a diverse workforce. We encourage applications from women, racial and ethnic minorities, individuals with disabilities, and veterans. Alternative formats of this ad can be provided upon request for individuals with disabilities by contacting the ADA Coordinator at hr-ada@colorado.edu. The University of Colorado Boulder is committed to providing a safe and productive learning and living community. To achieve that goal, we conduct background investigations for all final applicants being considered for employment. Background investigations include reference checks, a criminal history record check, and when appropriate, a financial and/or motor vehicle history.
